EXAMPLES AND CHALLENGES OF INCOMPLETE ENVELOPES

- Incomplete Envelopes are challenging and time consuming to enter the contributions in the individuals account, instead of a one-step process to enter the information; it's 3 steps for each individual.
- There are no assumptions or guessing of the information placed on the envelope. When information on the envelopes is unclear or unidentified, the person is entered as Unspecified and a note of the reason written is placed in the memo section.
- When a category/amount is not indicated on the envelope, the amount is entered under offering.

ONLINE GIVING

When you give through Secure Give or Cash App, the money is deposit directly to the church's bank account.

Cash App:

- If you have a unique user name. Be aware that we are unable to record your contribution without your FIRST and LAST name.
- In the Note Section of CashApp, make sure you put your FIRST and LAST name and your ENVELOPE NUMBER in the Note section. Without the first and last name, a dollar sign name does not always identify the person to receive proper credit.
- For example, the name "\$cutiepie" does not let us know who the money should be credited to. Thus, no credit can be applied to the account without the full name and envelope number. When the information is unclear or unidentified, the person is entered as Unspecified and a note is written in the memo section.
- It is always good to know your envelope number, so if you do not know your envelope number, please complete the Envelope Request and Contact Update Information Form (that can be found on the church website and is also located at the end of this document or at the church welcome desk) and turn it in to the church administrator in the church office or email it to ChurchAdmin@NewProspectBaptist.org.
- Once you know your envelope number, please place it in the message section when making your donation.

SecureGive:

- Can be accessed through the church's "Give" tab on the church website.
- It is always good to know your envelope number, so if you do not know your envelope number, please complete the Envelope Request and Contact Update Information Form (that can be found on the church website and is also located at the end of this document or at the church welcome desk) and turn it in to the church administrator in the church office or email it to ChurchAdmin@NewProspectBaptist.org.
- Once you know your envelope number, please place it in the message section when making your donation.

Trustees receive all envelopes, count all monies and deposit in the bank (cash, checks, money orders and coins). When completed, all envelopes are given to the Office Administrator to enter into the church contribution system.
